

Samip Baral

Full Stack & Backend Software Engineer

📍 Pokhara, Nepal 📞 +977-9846922543 ✉ baralsamip4@gmail.com

[Online Portfolio](#) | [LinkedIn](#) | [GitHub](#)

Professional Summary

Software Engineer passionate about building scalable, high-performance web applications and distributed systems. Experienced in transitioning applications to microservice architectures, designing event-driven backends, and deploying end-to-end data pipelines. Proficient in Node.js, Express, Python, and cloud integrations (AWS). Driven by a strong interest in integrating emerging technologies like LLMs, RAG, and agentic workflows to solve complex engineering challenges.

Technical Skills

Languages: JavaScript, TypeScript, Python, Java, C#

Backend & Architecture: Node.js, Express.js, Microservices, Django, ASP.NET

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS

Cloud & DevOps: AWS (Glue, S3, SQS), Docker, Vercel, Linux

Databases & Messaging: PostgreSQL, MongoDB, MySQL, Redis, RabbitMQ

AI & Data Engineering: LLMs, RAG, LangGraph, Pandas, NumPy, Scikit-Learn

Experience

Proforma Digital Solutions

Jan 2026 – Apr 2026

Full Stack Developer Intern, Pokhara, Nepal

- Developed and maintained web applications utilizing modern component-based frontend frameworks and robust backend architectures.
- Collaborated with developers and stakeholders in an agile environment to deliver client-focused, production-ready software solutions.
- **Tools Used:** React.js, Next.js, Django, PostgreSQL.

Projects

End-to-End AWS Data Engineering Pipeline

- Developed a scalable cloud data pipeline to ingest, extract, and transform large volumes of social media data from Reddit.
- Ensured data integrity and formatted the output for downstream analytics and business intelligence applications.
- **Tools Used:** AWS (Glue, S3, Athena, Lambda), Python, Pandas.

Off Trail Nepal – Trekking & Homestay Platform

- Developed a full-stack trekking platform connecting trekkers, local guides, and homestay hosts with booking and secure authentication.
- Built dynamic, responsive React interfaces backed by robust relational data management and RESTful APIs.
- **Tools Used:** React.js, Node.js, Express.js, PostgreSQL.

Event-Driven Microservices Social Platform

- Designed a production-grade microservices architecture for a social platform, decoupling core business logic for horizontal scalability.
- Integrated message brokers for asynchronous task processing and implemented high-speed caching layers to optimize read-heavy operations.
- **Tools Used:** Node.js, Express, MongoDB, Redis, RabbitMQ.

Smart AI Agent (RAG & Web Search)

- Built an intelligent agentic workflow application leveraging Large Language Models to intelligently route and answer complex user queries.
- Implemented a Retrieval-Augmented Generation (RAG) system with integrated web search capabilities for context-aware, up-to-date responses.
- **Tools Used:** LangGraph, LangChain, FastAPI, ChromaDB, Python

Proforma Insights – Corporate Website

- Developed and deployed a corporate website for a technology and accounting firm focusing on performance and high availability.
- Implemented responsive design and comprehensive SEO optimization to improve organic visibility and user acquisition.
- **Tools Used:** React.js, Django, SQLite.

DJ Bugati – Commercial DJ Website

- Developed a professional commercial website for a local Perth DJ to showcase services and streamline client bookings.
- Engineered responsive and modern user interfaces utilizing static site generation for optimal load speeds.
- **Tools Used:** Next.js, TypeScript, Tailwind CSS, Vercel.

APEX Inventory Management System

- Built a comprehensive inventory management system tailored for vehicle service operations and logistics.
- Designed a structured database schema and implemented stock tracking, automated scheduling, and role-based access control.
- **Tools Used:** ASP.NET, C#, React.js, PostgreSQL.

Education

London Metropolitan University (Informatics College Pokhara)	2023 – 2026
<i>BSc (Hons) Computing</i>	Expected Graduation: 2026
SOS HGS Gandaki	2021 – 2023
<i>Higher Secondary Education (Science)</i>	

Languages

Nepali (Native) | English (Fluent - PTE Score: 77) | Hindi (Fluent) | Spanish (Intermediate)
